▶ <https://www.coru.ie/files-registration/coru-statutory-declaration.pdf>

As part of your statutory declaration, you must declare that you have read, understood, and will comply with the Code of Profession Conduct and Ethics for your profession. Each Registration Board has a Code of Professional Conduct and Ethics which applies to the profession. For details, please go to the website:

▶ <https://www.coru.ie/health-and-social-care-professionals/codes-of-professional-conduct-and-ethics/>

## **Answers to all 'fit and proper' questions**

### **Fit and proper for the profession**

By law, before we can enter your name on the Register for your profession, you must satisfy the Registration Board that you are a fit and proper person to engage in the practice of the profession.

This includes showing that you are of good character and of good physical and mental health. You must answer all 15 fit-and-proper questions on the online system.

### **Tell us about (disclose) material matters**

In the Statutory Declaration document, you must make a number of disclosures about your qualification, registration and practise. These will include:

- ▶ any ‘material matter’ that has occurred that requires you to make a disclosure.

This means you must tell us information about any situations listed below that happened:

- ▶ in this State, or
- ▶ outside it.

A ‘material matter’ means any regulatory proceedings within the State or another jurisdiction that have resulted in<sup>1</sup>:

- ▶ the imposition of conditions, suspension, cancellation of registration, or
- ▶ the refusal to grant registration, or
- ▶ a) conviction triable on indictment (other than a spent conviction – see note below)

**or**

- ▶ b) conviction outside the State for an offence consisting of acts or omissions that, if done or made in the State, would constitute an offence triable on indictment in Ireland or another jurisdiction.<sup>2</sup>

If you are unsure whether or not you have been convicted of an offence which is triable on indictment in Ireland (or would be if the offence had been committed here), you should take legal advice. **If you do not disclose (tell us about) a conviction which you should have disclosed, you may be prosecuted.**

## **Spent convictions**

You do **not** have to disclose convictions which are spent convictions. Spent convictions are complex, and we **strongly advise** you to get legal advice in relation to spent convictions. The meaning of spent convictions is set out in **Section 5 of the Criminal Justice (Spent Convictions) Act 2016**.

### **Please note**

As detailed in Section 45 of the Health and Social Care Professionals Act 2005 (as amended) (the “Act”), you must notify the Registration Board “as soon as practicable” of any relevant issues. If you make a false declaration, it is an offence under the Act and may result in a complaint being made against you.

---

<sup>1</sup> Source of this definition: Section 3 of the Health and Social Care Professionals Act 2005 (as amended).

<sup>2</sup> If you are unsure whether you have been convicted of an offence which is triable on indictment in Ireland (or would be if the offence had been committed here), you should take legal advice.

You must provide additional information where required in the Fit-and-Proper section of your application.

## Information about relevant health conditions

You must disclose (tell us) whether or not you have a relevant medical disability.

If you have (or have had in the past) a physical or mental health condition that may affect your ability to practise the profession for which you seek registration, you must give full details.

If you answer 'yes' to any of the questions, it does not necessarily mean you are ineligible to register. It is an opportunity for you to show how you manage your health issues, and how this enables you to provide safe service to service users.

However, if you fail to give us relevant and accurate information, it **will** affect your application for registration.

**If you have declared a health condition, we advise you to upload a letter from your treating medical professional for the attention of the Registration Board.**

### **6. We will email you to let you know when we have received the outcome of the eVetting.**

When you complete the eVetting application form online, we will then review it. We will submit it to the National Vetting Bureau to be processed. When the vetting result is returned to us, you will be emailed with confirmation of the completion of the process when the outcome is downloaded by our Liaison Person (a CORU staff member).

**We have a right to raise queries about anything that you may have not disclosed and about anything else arising as a result of vetting.**

## **Certificate of Criminal Clearance**

If you have lived outside the Republic of Ireland for one year and one day, or longer, after the age of 18 (working or not), you must provide a certified copy (explained on page 8) of a Certificate of Criminal Clearance (also known as Police Clearance). You must give us one for each country where you have lived for one year and one day, or longer, with your application.

The Certificate of Criminal Clearance provided from that country can be no older than three months old on the date of application. So, make sure that the Certificate of Criminal Clearance was issued within the three months of your online application for CORU registration, for example if you apply on 30 November 2024, your certificate of criminal clearance should be issued no later than 30 August 2024. If you received police clearance for a country some time ago and have not returned to live in that country, you may submit a certified copy of that document.

If you don't already have a Certificate of Criminal Clearance, please contact the embassy or consulate for the relevant country for details on how to get one.

If you are unable to secure a Certificate of Criminal Clearance for a particular country, please contact us.

## **Proof of Language requirements for S38 applicants**

All of the professions under CORU have patient-safety implications. This means all of our Registration Boards are entitled to carry out language tests (under S.I. No. 8 of 2017). They do this to make sure that each applicant has enough knowledge of the language to practise their profession in Ireland.

The ability to communicate safely and efficiently in a language of the State is critical to working effectively in Ireland. You must successfully complete a language test unless you meet one of the requirements listed on the CORU website. Please see [here](#) to see whether you can provide proof of language or whether you will need to undertake a CORU-approved language test:
